

TRAVELLING EXHIBITION MYTHICAL MOUNTAINS

In History of Humanity, the mountains have always been a symbol between the here and hereafter, between the tangible and inexplicable. That's why we are getting closer to the summits with a very particular feeling, almost a religious one!

Numerous legends about Gods, Heroes, Genesis and End of the World has climbed these mountains and still wander there nowadays. These stories are found in other mountainous regions of the Planet.

The Alps have been and still are inhabited by men from different languages and cultures. This diversity is reflected in myths of the mountain. These one must remind us that the attacks of the men on the mountainous world can lead to a breaking of the natural balance.

It is thanks to this idea that the Alpine Network of Protected Areas has decided to create an exhibition in the framework of The International Year of the Mountain, which started in 2002 with UNESCO and FAO. 32 alpine protected areas are represented in 16 modules to create this travelling exhibition. It is recounting the Myth of the Alps talking about the Mythical Mountain of each protected area represented in this exhibition.

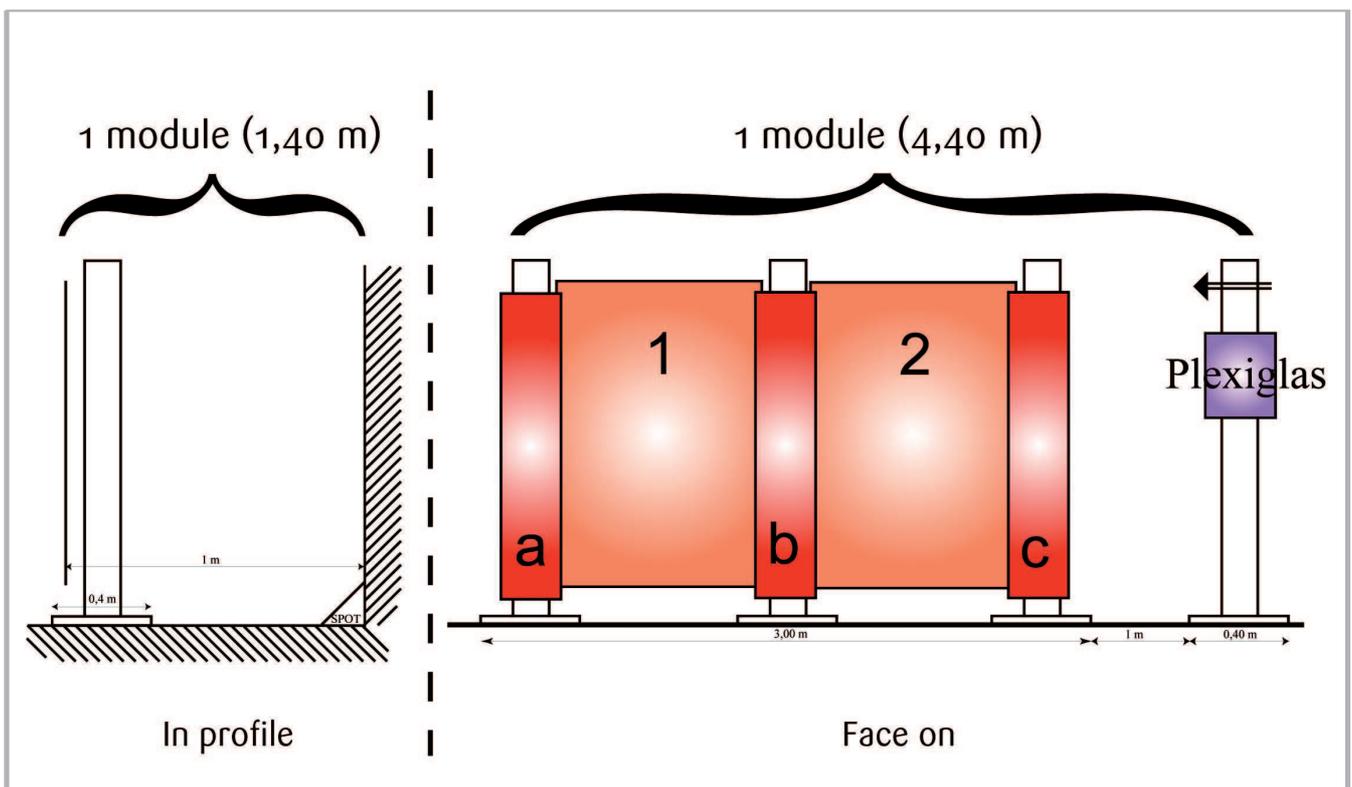

Within this exhibition, we would like to show that all of us are responsible together of a vast natural and cultural European space, and that we are invited to take action for a future full of wealth and values. These are the two leading principles founder of cooperation in the Alpine Network of Protected Areas: the principle of co-responsibility and the one of continuity in actions.

Follow us trough the World of the Alps, its mountains and myths, experience and enjoy the protected areas !

<p>Type of public and exhibition characteristic</p> <p>Adults, participating to conferences and demonstrations, Visitor Centres, etc. Exhibition adapted to a long stay (minimum of one week, and preferably at least one month), considering the time of assembly and dismantling.</p>	<p>Composition of the exhibition</p> <p>16 different modules representing the APA. 1 module is composed of 4 elements (1 large screen, 2 small screens and 1 informative board in Plexiglas). All texts are in 4 languages on the screens (French, German, Italian, Slovenian).</p>
<p>Technical characteristics :</p> <p>Width : circa 4 meters per module, so 90 meters in a linear position. Depth : 1,5 meters (screen+ 2 spotlights) Total volume : 3 m³ Surface area needed : 300 m².</p>	<p>Packaging, transport and assembly</p> <p>Transport boxes + pillars. The transport from the initial place of exhibition to the new one is organised and provided by the new place staff (volume 3m³ circa). Duration of assembly: 1 day with 6 persons. Technical document free on demand.</p>
<p>Price and Insurance value</p> <p>The price of the exhibition rent is: 500 € for the protected areas (free for the one who have created a module) 1000 € for all the other exhibitors Indicative value of the exhibition : 100 000 € for insurance rates.</p>	

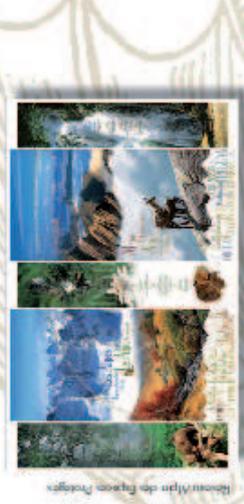

Protected Areas represented in the exhibition:

- Vanoise National Park(F)
- Ecrins National Park (F)
- Hohe Tauern National Park(A)
- Stelvio National Park (I)
- Swiss National Park (CH)
- Berchtesgaden National Park(D)
- Triglav National Park (SI)
- Gesäuse National Park
- Chartreuse Regional Park (F)
- Massif des Bauges Regional Park (F)
- Entlebuch Biosphere Reserve (CH)
- The 7 natural parks of Alto Adige Region (I)
- Trentin protected areas: Paneveggio Pale di San Martino Natural Park and Adamello Brenta Natural Park(I)
- The parks around Mont Viso : Queyras Regional Park(F), Val Troncea Natural Park(I), Po-Cuneese Natural Park(I), Gran Bosco di Salbertrand Natural Park(I), Orsiera Rocciavrè Natural Park(I)
- The 9 natural reserves of Haute-Savoie (ASTERS) (F)
- Plus a general module about the Alps
